

GHS Fundraiser Guidelines

General Info

- All fundraisers* (inclusive of Booster Club sales) must be scheduled and approved through Student Activities. This should be done at least two weeks in advance of your desired start date.

*If your fundraiser will be off campus, it should still be scheduled through Student Activities in order to avoid conflicts with other groups.

- Each group is allowed two on-campus fundraisers a year (one per semester for a duration of two weeks each). Ongoing sales are not permitted.
- Depending on your type of account (student, campus, booster, etc.), different vendor requirements will apply. Please meet with Mrs. McAnally before beginning any fundraiser!

Consumable Items (food, candy, drinks, etc.)

- Food, candy, etc. must be sold outside of the hours of midnight – 3pm on school days because:
 - a) We cannot compete with the Cafeteria during mealtimes.
 - b) We must meet Federal Foods of Minimal Nutritional Value (FMNV) guidelines.
- Drink sales are restricted because:
 - a) see a & b above
 - b) We have an exclusive contract with Dr. Pepper.
- Food, candy, etc. (anything consumable) may not be given away in return for a suggested donation.
- Any violation of the FMNV guidelines may result in our federal funding being taken away for the date(s) of sale!

Raffles

No raffles of any kind are permitted on GISD property. A raffle is considered to be an event where an individual pays for their chance at a prize (monetary or otherwise).

Booster Clubs

Booster Club sales must be conducted by booster members. If GHS personnel conduct the sale, the funds must instead be deposited into your campus account, which may carry more restrictions.

This list is not exhaustive, and your sale may be subject to other guidelines. Please allow me to help make your fundraisers as successful as possible while protecting you, our students, and GHS!
