

Honor Code and Student Code of Conduct

We want each student to maximize his or her academic potential, and we expect academic honesty to be a core value for all students, parents, guardians, and staff. Students who are academically dishonest don't learn what they need to succeed and achieve their goals. We therefore require students to sign the Honor Code, indicating that they agree to abide by Lakeview PTECH's expectations for academic honesty.

Because parents and guardians are an integral part of their student's online learning experience, we also require them to agree to the Honor Code.

Lakeview PTECH Honor Code

I agree that I will ...

1. value learning above my grades or scores
2. always value and exhibit honesty
3. be well-informed about plagiarism and cheating
4. not use "lack of knowledge" about plagiarism and cheating as a reason for engaging in plagiarism or cheating
5. never give my work or answers to assessments (tests, quizzes, etc.) to other students to submit as their own
6. never plagiarize written, oral, or creative work, and never copy (plagiarize) others' work or submit work of any kind that is not my own
7. never post assessment answers on the Internet or in other public places or otherwise share assessment answers
8. never search for and use assessment answers on the Internet or in other public places, including using translation services for language courses
9. never give or receive unauthorized assistance on assessments, including from my friends/peers, Learning Coach, or any others
10. understand that all assessments are "closed-book" meaning I need to take assessments based on the knowledge in my head, and not use any other sources

I understand that this Honor Code is not limited only to the examples listed above
