

Sachse High School Class of 2021

Southern Images Photography is your school's
official Senior Portrait Photographer.

What does that mean?

Only tuxedo or velvet drape portraits taken by our studio
will be used in the Senior section of your school's yearbook.

Your school needs to submit these images to their publisher early
in the school year. The best time to take them is THIS SUMMER
before your schedule gets crazy with school activities.

This session is FREE and takes approximately 10-15 minutes.
You will get to view these 6-8 photos at our studio immediately after
the session and will select which pose we will be sending
for your school's yearbook.

Appointments are booking FAST so call our studio right away to
reserve the time that will work the best for you and your Senior.
