Early College High School & Pathways in Technology Early College High School

- College experience while in high school
- Walk across the stage with your Associate Degree a few weeks before you receive your high school diploma
- 125 students per grade level
- South Garland began ECHS this school year
- P-TECH begins in the 2020-2021 school year

Benefits of a *School Within a School* Model

- Students are able to participate in sports, fine arts, and all of the clubs and organizations that South Garland High School has to offer.
- Students get to experience high school and transition to college with AVID support.
- Begin with 1-2 college classes as a freshman, and by senior year, students take a full college load.

Purpose of ECHS

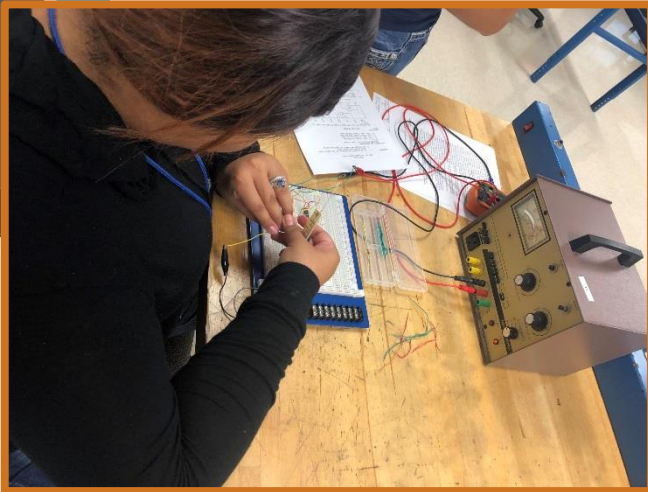

- Free Textbooks and College Associates Degree
- 60 transferable credits to most 4-year universities
- 3-1 model (3 years at South; 1 year at Eastfield)

Purpose of P-TECH

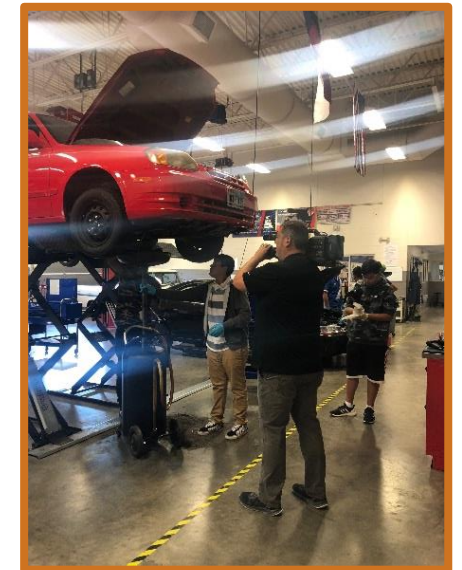

- Areas of Study: Auto Tech, Mechatronics, Teaching
- Free Textbooks, College Associates, and Certifications
- Professional Job Opportunity after graduation
